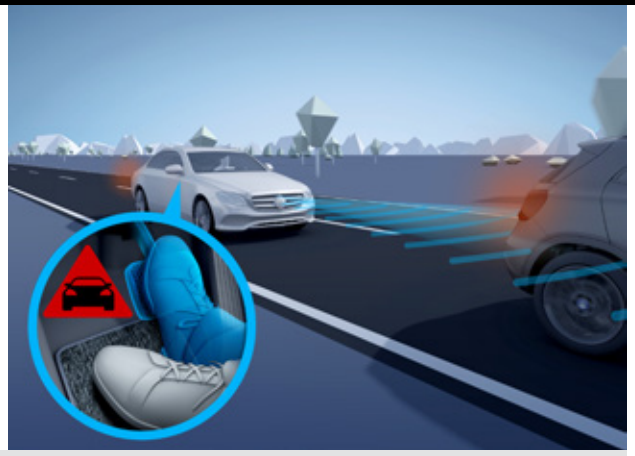
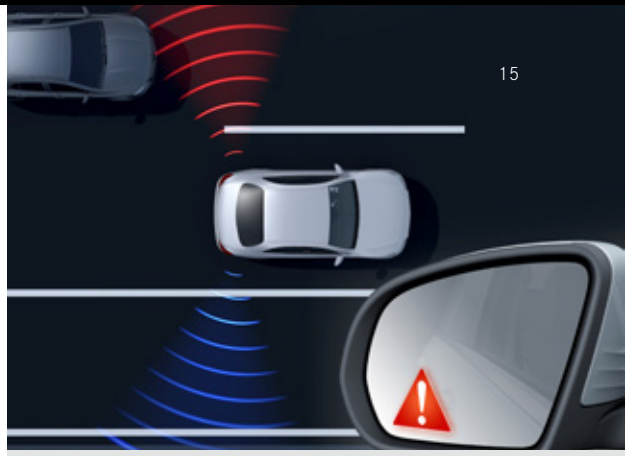
Active Distance Assist DISTRONIC





Blind Spot Assist

Driving Assistance package

Active Distance Assist DISTRONIC helps the driver to maintain a safe distance to the vehicle in front and so relieves strain on the driver, especially on long journeys or in a traffic jam
Lane Tracking package, consisting of: **Blind Spot Assist** – able to detect vehicles in the blind spot and give the driver visible and audible warnings **Lane Keeping Assist** – able to detect when the vehicle is unintentionally drifting out of lane, duly warning the driver by means of pulsed vibrations through the steering wheel
PRE-SAFE® anticipatory safety system The renowned PRE-SAFE® safety system can 'sense' critical road situations and initiate preventive safety measures

Driving Assistance package (code DP2) – designed and priced as a package, including items listed. Only in conjunction with automatic transmission.
